Reply to Office Action dated 3/9/2005

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 9 March 2005. In the Official Action, the Examiner has found two inventions, namely, Group I directed to Claims 1-12 drawn to a method for bonding flat glasses; and Group II directed to Claim 13 drawn to a clamp. The Examiner has required that Applicant chose Group I or Group II for further prosecution in this case.

By this Amendment and Response, Applicant has canceled Claim 13 and elects Claims 1-12 for further prosecution.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
